Manufacturer of HEIWA ELECTRIC INDUSTRIAL CO., LTD.

Electro Magnetic Compatibility

Aqua Venus

Aqua Relaxation Table V-3600
with Turbofan Hyper Nozzle

Myofascial Release and Lymphatic Drainage Provide Deep Relaxation

- Equipped with powerful new special nozzles (patented) applying turbofan technology.
- Programmed operation available with eight independent hyper nozzles.
- Stimulation from water pressure vibration generated by the hyper nozzles works on deep muscles and deep myofasciae to accelerate myofascial release and lymphatic drainage.
- Equipped with a power saving mode program to reduce electricity charges by 25% (comparison with our previous product)
- Equipped with an audio guidance function as a standard feature.
- Special hood, sound unit and side rails available (optional).

This product is not a medical device.

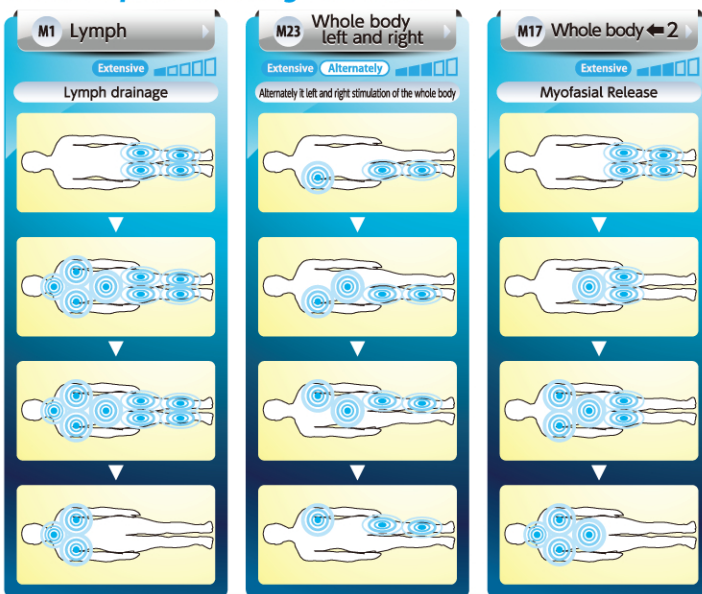

Power consumption	1100W
Dimensions	2110mm (W) × 740mm (D) × 520mm (H) Console height: 520mm
Main Unit Weight	155kg (when filled with water: about 265kg)
